Summary of Legislation: (Amended) The bill makes it unlawful manufacture or sale of a police or fire insignia, a Class D felony, for a person to knowingly or intentionally manufacture and sells or offers for sale:

- (1) an official badge or a replica of an official badge that is used by a law enforcement agency or fire department of the state or a political subdivision of the state; or
- (2) a document that purports to be an official employment identification that is used by a law enforcement agency or fire department of the state or a political subdivision of the state; without the written permission of the chief executive officer of the law enforcement agency or fire department.

It makes the offense a:

- (1) Class C felony if the person commits the offense with the knowledge or intent that the badge or employment identification will be used to commit the offense of impersonation of a public servant; and
- (2) Class B felony if the person commits the offense with the knowledge or intent that the badge or employment identification will be used to commit an offense involving weapons of mass destruction.

Effective Date: July 1, 2009.

Explanation of State Expenditures: Depending upon mitigating and aggravating circumstances, a Class D felony is punishable by a prison term ranging from 6 months to 3 years or reduction to Class A misdemeanor, a Class C felony is punishable by a prison term ranging from 2 to 8 years, and a Class B felony

is punishable by a prison term ranging from 6 to 20 years. The average expenditure to house an adult offender was \$20,287 in FY 2008. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the marginal cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The estimated average cost of housing a juvenile in a state juvenile facility was \$69,223. The average length of stay in Department of Correction (DOC) facilities for all Class D felony offenders is approximately 10 months, for all Class C felony offenders is approximately 2 years, and for all Class B felony offenders is approximately 3.7 years.

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class D, C, or B felony is \$10,000. Criminal fines are deposited in the Common School Fund.

If the case is filed in a circuit, superior, or county court, 70% of the \$120 criminal costs fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund. In addition, some or all of the document storage fee (\$2), automated record keeping fee (\$7), judicial salaries fee (\$18), public defense administration fee (\$3), court administration fee (\$5), judicial insurance adjustment fee (\$1), and the DNA sample processing fee (\$1) are deposited into the state General Fund.

Explanation of Local Expenditures: If more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: The county general fund would receive 27% of the \$120 criminal costs fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of the criminal costs fee. In addition, several additional fees may be collected at the discretion of the judge and depending upon the particular type of criminal case.
